BUILDER FIXES

Yesterday's Work (30 June)

Critical & High Priority (P0-P1)

1. UI/UX Pro Max Compliance Audit

Creative · 56 findings across 8 screens

Full audit at 1280/768/390px. 2 blockers, 12 major, 26 minor, 16 nits.

2. UI/UX Pro Max Polish — selects, validation, a11y

Builder · 6 fixes, tsc pass

Select focus-visible, signup field validation, email compose label, prefers-reduced-motion, notification aria, button active states.

3. P0 Fixes — Email crash, sidebar 404s, error boundary, skip-to-content

Builder · 4 critical, on branch

Email type guard, commented 3 broken sidebar links, ErrorBoundary wrapping routes, skip-to-content link (WCAG 2.4.1).

4. P1 Fixes — Font, motion, touch targets, confirmations, UX copy

Builder · 5 fixes, on branch

Inter font, reduced-motion, 44x44 touch targets, ConfirmDialog component, UX copy standardisation.

FrontierCRM · Daily Summary · 1 July 2026

5. Creative: Full Assessment — 31 skills to roadmap

Creative · 6 files, 1,246 lines

All 31 design skills applied. 20 roadmap suggestions: 4 P0, 7 P1, 4 P2, 5 P3.
Personas, journey maps, IA, strategy.

6. Blocked Column Cleanup

Coach · 12 → 0

Archived 10 superseded duplicates, unblocked 2 for review. All resolved.

7. Onboarding Skip Fix

Coach · 1 line

Exit button called `navigate()` which hit the guard and redirected back.
Changed to `handleFinish` (marks onboarded + navigates).

Today's Work (1 July)

1. Design System PDF — 4 iterations

Coach · weasyprint

Compiled Creative's work into A4 PDF. Restyled to dark/purple Bauhaus theme. 20% padding, Inter 300/500 weights, running headers.

2. bauhaus-pdf-theme skill installed

Coach · allstars-coach

Copied from `dailypdf` folder, renamed to `SKILL.md` format, now available in `skills_list`.

3. Daily Summary PDF (this document)

Coach · bauhaus style

Brief intro, consistent header/footer per page, proper top/bottom margins, no cover page.

Ready for Review

TASK	BRANCH	READY FOR
P0 Fixes	frontiercrm/ t_8804a9f9	Merge — Email crash, ErrorBoundary, skip-to-content
Email Compose	feature/email- compose	Merge — Send state machine with polling/retry

Open Questions

1. Merge the P0 Fixes branch?
2. Merge the Email Compose branch?
3. PDF generation plan (server-side) for Phase 5?
4. Reduce sidebar from 12 to 7 items per IA proposal?
